

FOR IMMEDIATE RELEASE

***Global Container Names John Bannister as Vice President of Refrigerated Products***

April 6, 2023

**BOSTON, Massachusetts** -- Global Container International LLC ("GCI") is pleased to announce that John Bannister has joined the company as Vice President of Refrigerated Products.

John is an accomplished executive with over 30 years of experience in the container leasing industry. Prior to joining GCI, he was Vice President at Seaco, where he was responsible for global operations and profitability for the company's refrigerated and tank container portfolios. In his role with GCI, John will manage the company's continued expansion into the refrigerated container sector.

*"John is a proven industry leader who combines extensive knowledge of refrigerated container technology with strong operational and sales management skills,"* said Jeffrey Gannon, CEO of GCI. *"We are excited that he has joined our team."*

Adrian Dunner, COO of GCI, also noted, *"John has a long successful history of growing market share and contributing bottom-line profitability. He is uniquely qualified to lead our refrigerated container expansion."*
